

Eternal Perspective, LLC

Eternal Perspective, a line of artisan fine-leather handbags, was inspired by the passion of owners Bill & Lynn Gerber to help people look beyond today and have more of an eternal perspective in life. Our purses are handmade in Colorado.

We have partnered with Andres Tsagar Custom Furs and Colleen Olson of 3 Angels. Andres is from Greece and has been making his creations since 1992. Colleen with 3 Angels started making fabulous one-of-a-kind pieces of jewelry creations years ago for friends and family.

We have partnered to create many new designs as seen at the 2009 Western Design Conference.
